

> DeTelImmobilien, Frankfurt am Main and Wiesbaden

KAEFER Construction GmbH, Frankfurt

Summary	Alterations (especially fire protection) to existing Telekom buildings in Frankfurt and Wiesbaden
Location	DeTelImmobilien, Oeserstraße 111, 65934 Frankfurt am Main and DeTelImmobilien, Konrad-Adenauer-Ring 33, 65187 Wiesbaden
Build time	July 2006 to December 2008
Client	DeTelImmobilien, Deutsche Telekom Immobilien und Service GmbH, Stiftstraße 23, 60313 Frankfurt
Architect	Planen & Bauen GmbH, Rodensteinstraße 13, 64625 Bensheim
KAEFER's role	Interior outfitting, including installation of 1,000 fire-resistant doors, metalwork, painting, plastering, fireproofing and floor coating work and services for HVAC and wiring, e.g. dust protection, drilling and waste disposal logistics.
Challenge	Working at night and in areas with highly sensitive technical equipment.
Our solution	Precise definition of work, exact time schedule, specially trained staff
Added value for client	All services from a single supplier, highly skilled in coordination with HVAC and electrical contractors and in-depth knowledge of Telekom details.
